THE FUTURE FARMERS OF AMERICA is a non-profit, non-political farm youth organization of voluntary membership among those boys who have reached certain standards in vocational agriculture. The F. F. A. is 100 percent American in its ideals, with no outside affiliations, and no secrecy in connection with any of its activities. Its members learn through active participation how to conduct and take part in public meetings; to speak in public; to buy and sell cooperatively; to solve their own problems; to finance themselves; and to assume civic responsibility. It develops leadership in boys who are to live and make their living in Bradford Community.

The Bradford Chapter was organized in 1929 with twenty charter members. It has steadily flourished until it has attained the present strength of seventy active members and three hundred ninety-four alumni. These seventy active members are a part of the three hundred two thousand who live in rural communities throughout every state in the Union, Puerto Rico, and Hawaii.

DEDICATION

To Mr. R. V. Atkins whose services as a civic leader have been outstanding, whose actions and words have served as an inspiration, and whose wise counsel has guided us we respectfully dedicate this, the first edition of THE BEACON.

A N D

To you, Our Parents, we realize that you have worked for twelve years to see that we are equipped with the implements of learning. At times we thought the difficulties were all ours, but now we realize the struggle was really yours. So to you, Mom and Dad, with ever-growing love and appreciation we dedicate this, THE BEACON, *of 1951.*

We, in preparing the first first copy of The Beacon, have worked to present the activities and achievements of 1950-51 in order to give you a reminder of happy hours and pleasant associations. It's meant taking B's instead of A's, C's instead of B's and . . . well, we won't talk about that. Any way we hope you enjoy your Beacon.

THE FUTURE FARMERS OF AMERICA is a non-profit, non-political farm youth organization of voluntary membership among those boys who have reached certain standards in vocational agriculture. The F. F. A. is 100 percent American in its ideals, with no outside affiliations, and no secrecy in connection with any of its activities. Its members learn through active participation how to conduct and take part in public meetings; to speak in public; to buy and sell cooperatively; to solve their own problems; to finance themselves; and to assume civic responsibility. It develops leadership in boys who are to live and make their living in Bradford Community.

The Bradford Chapter was organized in 1929 with twenty charter members. It has steadily flourished until it has attained the present strength of seventy active members and three hundred ninety-four alumni. These seventy active members are a part of the three hundred two thousand who live in rural communities throughout every state in the Union, Puerto Rico, and Hawaii.

DEDICATION

To Mr. R. V. Atkins whose services as a civic leader have been outstanding, whose actions and words have served as an inspiration, and whose wise counsel has guided us we respectfully dedicate this, the first edition of THE BEACON.

A N D

To you, Our Parents, we realize that you have worked for twelve years to see that we are equipped with the implements of learning. At times we thought the difficulties were all ours, but now we realize the struggle was really yours. So to you, Mom and Dad, with ever-growing love and appreciation we dedicate this, THE BEACON, *of 1951.*

We, in preparing the first first copy of The Beacon, have worked to present the activities and achievements of 1950-51 in order to give you a reminder of happy hours and pleasant associations. It's meant taking B's instead of A's, C's instead of B's and . . . well, we won't talk about that. Any way we hope you enjoy your Beacon.
